## **MEDIA STATEMENT**

May 6, 2011

### **Statement on Committee Action on HJR 111 by Woolley**

"We are excited to see the process moving along. Overwhelmingly, Texans want the opportunity to decide this issue at the ballot box. HJR 111, once approved by voters, will create a mechanism by which full-scale destination resorts will be created in a limited number of sites across Texas without expanding the footprint of gambling. This is a big step towards creating more than 75,000 new jobs and keeping billions of dollars here in Texas when we need it most."
